AndraSnare & AndraSnare Micro

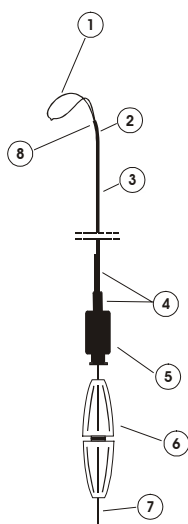

- Your First Choice Safety Device
- High Performance
- Ease of Use

DELIVERING LESS INVASIVE FUTURE TECHNOLOGY

AndraSnare & AndraSnare Micro

1. Atraumatic Nitinol loop with gold-plated tungsten for optimal visibility
2. Pre-angled Tip eases navigation
3. Shapable introducer for high performances
4. Supportive sleeve strongly connected to the hub avoids kinking
5. Luer Connector
6. Extra big torque device to ease manipulation
7. One piece nitinol wire enhances the near 1:1 torque for better manipulation
8. Radiopaque platinum inner Marker Ring ensures nearest positioning of introducer

* The AndraSnare & AndraSnare Micro have been specifically designed to meet the high requirements during extraction. It makes it your first choice safety device
